**GENERAL  
TRADING CREDIT  
RULES (BONUSES)**

## IcloudFX General Trading Credit Rules (Bonus)

1. The terms apply to traders that open a live trading account with IcloudFX. Age entry level: 18+.
2. The Trading Credit is provided by IcloudFX and it is for trading purposes only (non withdrawable), unless it is stated otherwise in writing, in a specific seasonal promotion. The Trading credit can be used as margin only after there are no other available funds in the clients account. In other words, any trading losses are always subtracted from a client's own funds first and then from the trading credit. If a withdrawal is made, the bonus will be debited from the trading account in full if available. If there have been no trades completed after 30 (thirty) days from the day that the trader receives the Bonus, IcloudFX will debit the Bonus amount.
3. IcloudFX retains the right to disqualify a trader, to close or cancel all open or closed positions and to treat the Trading Credit and any profits made since the trader's entry to a promotion, void, if there are reasonable grounds that the trader is acting in bad faith, contrary to the IcloudFX Client Agreement and policies, and/or the offer is being abused/manipulated in any way ("Unauthorized Activities").
4. "Unauthorized Activities" may include but are not limited to the following:
  - Different accounts being traded by one trader simultaneously;
  - Internal/external hedging;
  - Churning;
  - Abuse of our "guaranteed stop loss" feature;
  - Use of fake identification;

  6. Each promotion is subject to its own terms. In case of discrepancy between these terms and the terms of a specific seasonal promotion, the latter shall prevail. No amendment or modification of any provision of those terms shall be valid unless set forth in writing
